1. All images of your artwork will be uploaded to Dropbox in two folders; one for high-resolution and one for low-resolution. Low-resolution images can be used for email, call for work, or any posting online such as a website or social media. High resolution images are best if you plan to make a photographic print of your artwork.
2. You will receive an email with a link from Dropbox inviting you to share a folder. Once you click on the link you should be able to download the images to your own computer.
